## SING OUT for Climate Action RIGHT NOW

Bye-bye Coal, Bye-bye fossil fuels  
Hello renewables, Energy from the sky  
Bye-bye Coal - reduce Climate stress  
Hello cleverness, Goodbye to coal g'dbye  
Got thru denial, I'm thru with doubt  
Let's get together, work this thing out  
and here's the reason, I feel so free  
I got good people surrounding me  
Bye-bye Coal ...  
We light the dark now with something new  
We'll still be happy (with) no fossil fuel  
And here's the reason ... Bye-bye coal ...

\*\*\* Bye Bye Love \*\*\*

Divest your Super from the old Coal Mine  
And smile, smile, smile  
Divest your Super from the old Coal Mine  
'Cos fossil fuels are vile  
What's the use of profiting  
No future in denial ... so  
Divest your super from the old Coal Mine  
and smile, smile, smile!

\*\*\* Pack Up Your troubles \*\*\*

Divest yr banking from that Coal Seam Gas  
And smile, smile, smile  
Divest yr banking from that Coal Seam Gas  
'Cos fossil fuels are vile  
What's the use of mortgaging  
If you're building on denial ... So  
Divest yr banking from that Coal Seam Gas  
And smile, smile, smile!

Invest your money with your kids in mind  
And smile, smile, smile  
Invest your money with your kids in mind  
'Cos fossil fuels are vile  
What's the use of parenting  
If it's only for a while ... so,  
Invest your money with your kids in mind  
And smile, smile, smile!

There's a way to defray,  
Rising power costs today,  
Now that we're powered by the sky.  
Where the wind keeps on blowing,  
And solar farms keep glowing,  
Beneath that sunny sky.

That my daddy and mother,  
Will love I can tell,  
And the pals of my childhood,  
Installed one as well.

So no more will I moan,  
When the power bills come home,  
Now that we're powered by the sky.

\*\*\* Road to Gundagai \*\*\*

There's a way to defray,  
Rising power costs today,  
Now that we're powered by the sky.  
Where the wind keeps on blowing,  
And solar farms keep glowing,  
Beneath that sunny sky.

That my daddy and mother,  
Will love I can tell,  
And the pals of my childhood,  
Installed one as well.

So no more will I moan,  
When the power bills come home,  
Now that we're powered by the sky.

Old Adani has no mine Thanks to you and me  
**and on that land are living trees**

Thanks to you and me  
with an email here, divestment there  
here a letter, there a sit-in, everywhere a protest  
Old Adani has no mine Thanks to you and me

**Other LINES:**

and on that land live animals  
and on that land the water flows  
and on that land no poison-hole  
under that land lies coal unburnt  
and no more coal ships through our reef

\*\*\* Old McDonald \*\*\*

Reefs and Fossil fuels, Reefs and Fossil fuels  
Go together like babies and power tools  
Please don't think I'm preaching  
You can't have Coal without mass bleaching

Reefs and Coal Mines, Reefs and Coal Mines  
Go together like prams across rail lines  
The story has a moral  
You can't have Coal without dead coral.

Risks are socialised, Profits are privatized  
They go together when greed is supersized  
This we tell Adani  
We care more for the reef than money.

\*\*\* Love & Marriage \*\*\*

All songs are attributed on the website to the original writers where known.  
The re-writers are there too - [www.carboncanaries.com.au](http://www.carboncanaries.com.au)

Saving the reef, fresh water & farmland needs everyone.  
Climate-focussed organisations need your time, and/or \$\$  
Undermining Australia is a great film with the dirt on coal.

For info on **Fossil Fuel Mining** activities  
**in our Mary Valley catchment**  
go to web address above. Happy SINGING!

Your local representative secretly enjoys work-time visits  
from singing groups, especially when the media are there.
