

Protest Songs for GHD Action Week July 2019

Doh Ray Me

Dough for those already rich,
Rai-sing toxins in the air,
Me-aning we will suffer too,
Far or near no matter where,
So persistent is the risk,
La-sting on and on and on,
Tee-tering on the edge of doom,
So the rich can have more
Dough, dough, dough, dough

To the tune: "Love and Marriage"

Reefs and Fossil fuels, Reefs and Fossil fuels
Go together like babies and power tools
Please don't think I'm preaching
You can't have coal without mass bleaching
Reefs and Coal Mines, Reefs and Coal Mines
Go together like prams across rail lines
This story has a moral
You can't have coal without dead coral.

Risks are socialised, Profits are privatized
They go together when greed is supersized
This we tell Adani
The reef's worth more to us than money.
Repeat first verse

Tune: We Shall Not be Moved

There must be no Adani mine,
there must be no Adani mine
It will be poisoning our water and a climate crime
No Adani mine

**Stop Adani
Sunshine Coast**

LEAVE IT IN THE GROUND - chorus

To tune: Knees Up Mother Brown

Leave it in the ground, leave it in the ground,
We don't want Adani's coal,
we say, we say, we say NO!

Leave it in the ground, leave it in the ground,
1st - It's THE solution! No Pollution! Leave it in the ground.
(2nd - From coal break free, GHD! Leave it in the ground!)

(Tune: Old MacDonald)

Old Adani has no mine, thanks to you and me

1st **and on that land are living trees**

thanks to you and me

with an email here, divestment there,

here a letter, there a blockade, everywhere a protest

Old Adani has no mine thanks to you and me

2nd: and on that land the fauna thrives

3rd: and on that land the water is pure

4th: and on that land the spirits rest

(Tune: Oh my Darlin' Clementine)

Stop Adani, Stop Adani, Stop Adaaaani, Stop the mine

Shouldn't aughta, poison water, it's an order

- Stop the Mine

Stop Adani, Stop Adani, Stop Adaaaani, Stop the mine

Don't go harmin' people farmin' - it's alarmin'!

- Stop the Mine

Stop Adani, Stop Adani, Stop Adaaaani, Stop the mine

When coal is burnin' the Climate's churnin', Stop Adani,

- Stop the Mine

A la Queen!

We will, we will stop you, A-da-ni x 2 (G-H-D?)
GHD in Adani's bed
the bosses must have rocks in the head
we'll get on your case, you're a big disgrace
we'll trash your name all over the place. Singing
We will, we will stop you, A-da-ni x 2

Chants:

1. Stop! Adani! Stop, stop Adani
2. Renewables not fossil fuels,
Adani's mine has got to go
3. GHD, Adani's mate
for climate vandals no time to wait
take a stand or we'll trash your brand
4. Coal, don't diggit,
Leave it in the ground,
It's time to get with it!
5. Our climate,
We'll fight for that,
Adani's mine?
No time for that!
6. (Sung) No, No, No Adani!
Never gonna build that mine!
G, H, D& Adani,
Never gonna build that mine!
7. Coal is dead, GHD!
Be the change you want to see

Tune: Pack up Your Troubles GHD!

Divest your business from Adani's Mine
And smile, smile, smile
Divest your business from Adani's Mine
'Cos fossil fuels are vile
What's the use of profiting? GHD's in denial
So! - Divest your business from Adani's Mine
and smile, smile, smile!

Conduct your business with your kids in mind
and smile, smile, smile!
Conduct your business with your kids in mind
'Cos fossil fuels are vile
What's the use of parenting If it's only for a while
So! - Conduct your business with your kids in mind
and smile, smile, smile!

Living through a Dying

This is a Die-in, by the living,
because we're living through a Dying x2
One by one by millions x2

Tragedy for Polar Bears - song for Nanook (Tune: Tragedy by BeeGees)

Night and day There's a burning down inside of us
A burning love With a yearning that says "Make a fuss"
Out we go With the caring folk we're not alone
We're singing to stop the tragedy, tragedy
For polar bears and you and me

Chorus x2

Tragedy The climate's strange, there's a polar change
It's tragedy The shiny ice keeps the climate nice
Its clean, white face, hides the dark sea and
Shines heat back to space

Tragedy When the ice is gone we Can't Go On
