

Everybody gathering in peace to rally,

Tune: We're going to the zoo by Tom Paxton

Parody - Jenny Fitz 2019 (version 2)

Everybody gathering in peace to rally,
peace to rally, peace to rally

Everybody gathering in peace to rally,
and were gonna stay all day

Because you got to tell the truth, truth, truth

Science has the proof, proof, proof

No future for the Youth, youth, youth

If we don't tell the truth, truth, truth

Everybody gathering in peace to rally,

Zero carbon is the aim, aim, aim

by 20 - 25 it's plain, plain, plain

nothing can remain the same, same, same

when Zero carbon is the aim, aim, aim

Everybody gathering in peace to rally,

(A bit slower for this important verse -)

Beyond politics of greed, greed, greed

Grows a hopeful little seed, seed, seed

Citi-zen's assembl-ies, agreed, agreed

and solutions are decreed, decreed, decreed

Everybody gathering in peace to rally,

We know what to do, do, do

It means a sacrifice it's true, true, true

if Fossil Fuels are really through, through, through

So it's up to me and you, you, you

Everybody gathering in peace to rally,

and we're gonna stay aaaaaalllllllll daaaaay!!
