## Emergency by Blythe Pepino

I'm sorry my friends, I didn't want to stop you,  
When you were having such a fine time  
But this is an emergency, Your house is all on fire,  
And if we do not rise up now All this will turn to ashes

I'm sorry my friends, I didn't want to trouble you,  
When you were having such a hard time  
But this an emergency, The waters are all climbing,  
And so we have to rise up now Or we will soon be drowning

I'm sorry my friends, That we have all been arguing,  
And now we're nearly out of time  
But this is an emergency, there'll be no food for eating,  
and so we have to rise up now or this knife will be for fighting

I'm sorry my children, I didn't want to frighten you,  
And this is no ghost story  
This is an emergency, Our leaders have all failed us...  
And so we have to rise up now And join the rebellion  
And so we have to rise up now And form the rebellion

## Climate change challenge by Sophie Sterckx

Melody words:  
We can't go round it  
We can't go under it  
We've got to climb it, climb it,  
Climb the climate change challenge

High part words  
Can't, can't go round it  
Can't can't go under  
We've got to climb

We can make a difference,  
For the younger generations  
With a step in the right direction

We can make a difference,  
For the younger generations  
Take a step in the right direction

## Dona Nobis the Truth

Zero Carbon By 2030  
Tell the truth it's  
An emergency

We're in a mass extinction  
Tell the truth it's  
An emergency

Climate chaos is increasing  
Tell the truth it's  
An emergency

## Never Doubt - words Margaret Mead

Never Doubt, that a small group of  
people can change the world. Indeed it  
is the only thing that ever has.
